

A HARVEST THANKS-GIVING IN UKRAINE

Vasily and Valentina, leaders in the military Christian fellowship of Ukraine, share that the MCF continues to minister to Ukrainian military widows and orphans: "We had two events for military widows. [One was] a one-day conference of widows from all over Ukraine (we brought 15 widows from Kyiv). We have a total of 50 widows, plus their children, whom we care for. We organize one or two events monthly for them, as well as visiting them in their homes and our office...Another event was a day of thanksgiving, thanking God for his abundant harvest. We had 32 widows, and 15 kids, plus our team. There was a gospel message, crafts, and good food!"
